Summary

I am enthusiastic about technology as a whole but mostly software development as I am currently developing websites using Html5, CSS3, CSS frameworks(bootstrap and tailwind CSS), JavaScript/jQuery, CSS preprocessor(sass), React/Redux, Node js. I sometimes work with e-commerce. Trust me I am a person who can work on time and be bound by deadlines and I am willing to learn from seniors and gain new skills.

EXPERIENCE

MICROVERSE, *Remote*

Technical support Engineer | 05, 2022 – Present

- Provided quality and timely feedback to junior web developers on their technical projects.
- Ensured the quality of source code and conducted code and UI reviews.
- Used Github review features and Slack to give students quick answers to project-related issues.

MICROVERSE, *Remote*

Mentor (Volunteer) | 02, 2022 – Present

- Mentored junior web developers, providing technical support through code reviews.
- Proposed improvements to code organization to improve code quality and overall performance.
- Provided advice and tips on how to maintain motivation to maintain longevity in the program.

EDUCATION

MICROVERSE | 10, 2021 – 09, 2022

Remote Full-stack Web Development Program, Full Time

- Spending 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developing skills in remote pair-programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

SKILLS

Front-End: JavaScript, React, Redux, jQuery, HTML5, CSS3
